# Golden Reputation

As the leader of R&D in the metal industry,  
MIRDC has helped manufacturers to grow and thrive  
It is a joy for MIRDC to see them transform OEM into ODM  
and then upgrade to OBM with a considerable profit.

From single technology to integrated technology,  
MIRDC has assisted industries to form clusters, provided a platform of interaction,  
and linked vertical industries to forge ahead.

With comprehensive services, MIRDC has brightened its very golden reputation  
and aims to become the pilot for the global advanced metal industry.
